Accessory Dimmer with Pre-Set

- Use only with master dimmer

Slide Fan Control with Pre-Set

- Three fan control levels
- Control your weather

The display wall features a header with seven yellow circular lights. Below the header are several informational panels:

- Occupancy Sensor:** A grid of 12 physical samples in various colors (grey, white, black).
- MOTION SENSORS / SENSORES DE MOVIMIENTO:** A central panel with text in English and Spanish, a diagram of people walking, and a "SOS Lowes.com Program" logo.
- Choose A Device / Elige Un Dispositivo:** A panel with three columns of device images.
- Select Color / Selecciona un Color:** A panel with a grid of color swatches.
- Match With A Plate / Combínalos con una Placa:** A panel with three columns of plate images.
- DIMMERS / AMORTIGUADORES:** A panel with a grid of dimmer samples in various colors.
- Decorator Dimmers & Fan Controls:** A panel with a grid of decorative switch samples in various colors.

At the bottom of the display are two long rows of physical product samples, each containing 18 items in a color gradient from teal to dark grey. A grey silhouette of a person stands to the right of the display for scale.

WIRELESS CONTROL AT THE TOUCH OF A BUTTON
 ESPANOL ESPANOL ESPANOL ESPANOL ESPANOL

- Three easy steps:
- 1 Choose your devices and wallplates
 - 2 Choose your Aspire RF controller
 - 3 Take home and enjoy

With a touch of a button:

- Turn your lights on and off from the edge of your seat. No more fumbling for switches in emergency situations.
- Create the right mood throughout the house for any party or occasion. All thanks to your touch lighting system for emergency lighting.
- Control the thermostat from your bed with ease.
- Advance your lighting, create a night scene for your evening routine.
- Multiple use of lights in situations that are possible.
- Built-in, small wallplates and other wireless controls from your wireless lighting system.
- Use lights to save energy.
- Lighting controls your lights with the touch of a button.
